

WEEKLY REPUBLICAN—1897.
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., WEDNESDAY, DECEMBER 6, 1906.

ONE COPY—ONE CENT.

THE LEDGER delights in obliging its friends. It prints "Help Wanted," "Situations Wanted," "Lost" and "Found" notices free of charge; and as it costs you nothing for such service, don't you think it is as little as you can do to write the copy and either bring or send it to the office?

If you have an item of news, please call up **The Ledger**, Telephone 33, and let us have it.

Yesterday would indicate that we are to have an Indian summer after all.

The Mail Carriers are diked out in handsome new suits and present a real natty appearance.

Mrs. Gussie May Poore of this city, who received a divorce in the Circuit Court last week from Dr. Alfonso Sylva, was married in Lexington yesterday to Mr. William Rion, brakeman on the L. and N.

This morning the ice piers presented a picturesque and novel appearance. The drift having massed against the piers and large trees rearing up to considerable height somewhat resembled an island forest.

A pleasant visitor in the city yesterday was Rev. M. A. Banker, formerly Pastor of the Third Street M. E. Church, now delightfully located at Vanceburg. The reverend gentleman is always a welcome guest here where he has so many friends who are always glad to meet him.

If you are looking for Xmas presents we have what you want. See our Signet Rings, Watch Chains and Lockets; Neck Chains, Cuff Buttons and Tie Holders, Brooches, Watches, Diamond Rings, Studs, Scarf Pins, in fact, everything in the line of Gold and Silver. Our store will be open every night until after Xmas.

P. J. MURPHY, the Jeweler.

Mr. Charles Lafferty, who has recently completed a handsome residence on the South side of Forest avenue between Commerce and Lexington streets, is moving today into his cozy home. Forest avenue is fast becoming the prettiest and most desirable residence portion of the city. When the city and county join hands next spring in the contemplated improvement, then indeed will it become a boulevard and driveway that will surpass in beauty many thoroughfares in more pretentious cities than Maysville.

DOWN AND OUT!

How the County Attorney Threw a Hefty Councilman

How the mighty have fallen.

The Greco-Roman wrestling match Monday night in Council between County Attorney Frank P. O'Donnell and Marcus Hanna Eitel was a sad disappointment to the backers and admirers of the latter.

It wasn't exactly fair in the athletic Attorney using a strangle hold, but then everything is fair in love, war and politics, and when the hefty avoidupois of his Councilmanic honor struck the floor with such a terrible thud in the very first round—when it was reasonable to believe the bout would go the limit—even his four coadjutors granted their disapproval.

It is possible Marcus had trained a little to fine and at the same time held his adversary too cheaply.

The contest wasn't worth the price and some are even mean enough to say it was a lay down and not on the square.

The high water has invaded portions of Beechwood Park, particularly where the swings are located.

RAJAH OF BHONG.

"The Rajah of Bhong" will be presented for the first time in Maysville, at the Washington Theater Saturday, December 9th. The opera is the joint work of Will L. Roberts and Hal Campbell, and it has been staged and rehearsed under the personal direction of Signor Ernest Salvatore. "The Rajah of Bhong" is characterized by brilliant music and gorgeous ensembles, and is full of clever songs, among which may be specially mentioned "The Battle of the Flowers and the Sun," "The Plag of the U. S. A.," "In the Days when Nero Was King" and "The Tale of the Wasp."

Gleaned From the Message

President Roosevelt yesterday sent to Congress his annual Message, of which these are salient points—

"We must all go up or down together."

"I am in no sense hostile to corporations. The corporation has come to stay, just as the Trades Union has come to stay. Each should be sharply checked when it acts against law and justice."

"Public ownership of railroads is highly undesirable."

"This Government is not and never shall be governed by a mob."

"It must be understood that under no circumstances will the United States use the Monroe doctrine as a cloak for territorial aggression."

"The delays of the criminal law, no less than

of the civil, now amount to a very great evil."

"The introduction of women into industry is working change and disturbance in the domestic and social life of the Nation."

"The great insurance companies offer striking examples of corruption."

"To cut down the Navy would be a crime; to fail to push forward the work on the Panama Canal would be as great a folly."

"There is no enemy of free government more dangerous and none so insidious as the corruption of the electorate."

"As the world is now, only that Nation is equipped for peace that knows how to fight."

"We cannot have too much immigration of the right sort, and we should have none whatever of the wrong sort."

THE Commercial Tribune says Mr. WATTERSON keeps himself busy denying that he is a candidate for office and lambasting everybody who is.

"Football to be killed" is the announcement that comes from an Eastern College. Good idea; but if you don't hustle, football will have killed all the College students.

JUST think of GEORGE WASHINGTON, THOMAS JEFFERSON, BENJAMIN FRANKLIN, DANIEL WEBSTER, HENRY CLAY, ABRAHAM LINCOLN OF JEFFERSON DAVIS parting their hair and their names in the middle.

ONE killed, four dying and two seriously hurt, was the result of the dash of a fast flying express train through a construction crew on the tracks of the Erie Railroad in the tunnel in Jersey City; which for quick results was almost equal to a game of college football.

ACCORDING to the report of the Kentucky Railroad Commission the total length of main lines in the state is 3,374 miles, and of this total 103 miles were built during the present year. The total value of railroad property for taxable purposes is \$61,149,912, compared with \$54,181,031 last year. The gross earnings were \$34,856,447; net earnings, \$9,754,457. While the report shows that much of the earnings have been spent on improvements, it fails to show how much went to feed the damage snit industry.

IN Louisville Judges MILLER and KIRBY say that the Courts have nearly as much power as Ward heelers when it comes to deciding who's elected.

It may be true that the President's salary of \$50,000 a year is inadequate; but I know a whole lot of fellows who would take the job for less money.

THE harvest is now complete, and it shows a crop of 25 killed and 168 seriously injured in the football "sport" for the season of 1905. Let the good work go on.

THE Kentucky Legislature will be called upon to furnish statues of two "distinguished sons" to be placed in Statuary Hall in the Capitol at Washington. It goes without saying that ABRAHAM LINCOLN ought to be the first named; and after him, it makes little difference as to the other, for LINCOLN stands out as the most colossal figure in American history, overshadowing all contemporaries.

DURING the recent campaign the Democratic leaders and campaign workers in Lexington and Fayette county loudly contended that they were opposed to the Constitutional Amendment abolishing the secret ballot and going back to the antiquated viva voce system of voting; but when the ballots were counted, it was found that Fayette cast 2,409 votes in favor of the Amendment and only 2,131 against it. You can always tell just what a politician will do—after he has done it.

UNION'S HIRED SLUGGER

ON TRIAL FOR MURDER

The trial of Charles Gilhooley, who is declared by the State Attorney to be a hired "slugger," for the murder of Charles Carlstrom has commenced at Chicago.

It required eight weeks and the examination of 5,000 veniremen to complete the Jury.

Charles Moller, former President of the Carriage and Wagon Workers Union, was the first witness.

He declared that at a meeting of the officers of the Union, over which he presided, the statement was made by one of the officers that Gilhooley had approached him with the proposition to "slug" non-Union men who had taken the places of members of the Union then on strike.

The question of hiring Gilhooley was voted upon and unanimously adopted.

A voucher for \$50 was made out and the witness signed it, the money, he said, to be used to pay Gilhooley.

A queer festival is celebrated in Malacca every 10 or 12 years. The opening of the festival is signalized by a grand procession, in which huge piles of eatables take a large share. At the end of the third day the viands are burned. On this occasion the piles of food are placed in a specially constructed boat, which is towed out to sea, and there consumed by fire, together with all the contents. A large sum of money, amounting to several thousands of dollars, was recently subscribed, largely in Singapore, for the proper observance of the festival.

VOTING MACHINE

Solution of the Trouble About Spoiled Ballots

Collier's Weekly.

"The campaigns that ended last month in the rout of the bosses were waged on issues of principle, but in the process of settling these issues public attention became fixed upon certain problems of political mechanics. The people discovered that when they tried to express their will they were seriously hampered by the mere physical difficulties of voting. In most states illiterates and idiots had no trouble. The laws were devised for their particular benefit. When a citizen with a vacuum behind his eyes entered the polling booth, all he had to do was to make a mark under a star, or an eagle, or a rooster. He took a simple pride in performing a feat well within his capacity.

The voter who approached his duties with intelligent seriousness had to pick his way among traps laid for him by the lawmakers. He had to consider whether to vote in a circle or in an assortment of squares; he had to remember that he could vote in a number of squares, but in only one circle; he had to be careful not to put his mark before any name in a column under whose emblem he had already made a cross. So puzzling were the intricacies of the ballot that in New York City about 8,000 ballots were protested as incorrectly marked, and tens of thousands of citizens voted straight tickets rather than take any chances of having their votes thrown out.

But any paper ballot, however ingenious, involves the element of personality, and therefore the possibility of mistake, both in the process of voting and in the count. The only thing that can entirely avoid this possibility is something that acts automatically—that is to say, a machine. By the use of voting machines the people of Buffalo were able to buy papers containing the complete returns of their city election at a quarter past seven on the evening of election day, when the citizens of New York,

packed in front of the bulletins, were guessing from the first scattered figures that Jerome had been beaten by 40,000 majority.

In San Francisco a ticket opposed by a combination of the Democratic and Republican parties, fought by almost all the newspapers, and unspeakably repugnant to all the influential elements of the city, was elected by the use of voting machines, and the returns were accepted without a whisper of suspicion. There are no void votes with the machine, for it is mechanically impossible to vote for more than the right number of candidates. There is no spoiling a ballot by a slip of the finger, or the voter may experiment with the levers until he gets his ticket to suit him, and his vote is not recorded until he leaves the booth. There is no wrangle in the Courts over ballot-boxes and muddled tally sheets, for the machine does its own counting as it goes along, and when the polls are closed the count is over. A combination of the Massachusetts arrangement of names and the mechanical method of voting and counting seems to offer the solution of all the difficulties in the way of securing a fair expression of the people's will.

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup."

"The time-worn injunction, 'Never off 'til to-morrow what you can do to-day' is now generally presented in the form: 'Do it to-day!' That is the advice we want to give you about the hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TO-DAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

PALE FACES

By Some Thought to Denote Refinement.

"What a mistake! In place of refinement pale faces denote debility.

"A bloodless face indicates anaemia or impoverished blood, pure and simple.

"What is the result? A weakened condition of the entire system, the development of humors, disfiguring eruptions, and finally a general collapse.

"We wish your paper would tell every man, woman and child in Maysville—yes, and every old person—that we are so sure that our famous cod liver oil preparation, Vinol (delicious to taste and without oil) will make rich, red blood, create strength and restore them to a normal condition, that we will pay for all the Vinol they take if it does not succeed.

"Why are we so sure? Simply because Vinol contains in a highly concentrated form all of the vital, medicinal principles of cod liver oil actually taken from fresh cod's livers and without the useless system-clogging oil to upset the stomach and retard its work.

"Vinol in a natural manner will tone up the stomach, make rich, red blood and strengthen every organ in the body to do its work as nature intended. We do not ask the people of Maysville to take our word for it, but simply to take our guarantee."

On November 27th it was a great surprise to Dr. Lindsey and wife to have the general rap upon their door. And they hesitating a moment as to whom it might be, and after having recovered from their excited condition, about forty-two of the Plymouth Baptist Church's best members entered the front room, passing through to the dining-room and laden the table with all manner of groceries that go to keep the soul and body together. The party was led by Sister Mary Lee. After a talk by the Pastor, it was responded to by Deacon W. H. Lee in good style. After an extensive social conversation the party went their way rejoicing.

A GREAT WEAPON

Maysville People Cannot Fail to Appreciate the Worth of It

Only one weapon To fight backache— The weapon that strikes the cause— Doan's Kidney Pills reach the root; Their work in Maysville proves it. You read of cures made years ago. And the cures were lasting cures. Read the following: Mrs. Mary Thomas, wife of J. A. Thomas, of 204 Limestone St., Maysville, Ky., says: "I am only too pleased to confirm the statement I made in the spring of 1903 recommending Doan's Kidney Pills, after they had relieved me of backache and other symptoms of kidney trouble. I got them then at J. Jas. Wood & Son's Drugstore. During the years that have elapsed since I made that statement I have had occasion to give Doan's Kidney Pills a further trial, and I have found that it requires only a few doses to ward off attacks of kidney trouble or to check them before they become serious. I can also point to the case of my boy, twelve years old, who at the time I first used Doan's Kidney Pills was troubled a great deal with weakness of the kidneys and could not control the secretions properly. I gave him Doan's Kidney Pills and he improved rapidly under the treatment. The relief he found has proved lasting, and from his experience and mine I am certainly warranted in recommending Doan's Kidney Pills."
